WORKSHOP

ScalPerf'05:
SCALABLE APPROACHES to HIGH PERFORMANCE
and HIGH PRODUCTIVITY COMPUTING

Bertinoro International Center for Informatics, October 09-13, 2005

PARTICIPANTS

- Francesco BELLETTI (University of Ferrara)

- Alberto BERTOLDO (University of Padova and Cornell University)

- Gianfranco BILARDI (University of Padova)

- Josè CASTANOS (IBM T.J. Watson Research Center)

- Luiz DEROSE (Cray Inc.)

- Matteo FRIGO (IBM Austin Research Laboratory)

- Guang R. GAO (University of Delaware)

- Filippo GIOACHIN (University of Illinois Urbana-Champaing)

- Adolphy HOISIE (Los Alamos National Laboratory)

- Joefon JANN (IBM T.J. Watson Research Center)

- Ben JUURLINK (University of Delft)

- Laxmikant KALE (University of Illinois Urbana-Champaing)

- Giacomo MARCHIORI (Atmel Roma)

- Paolo PALAZZARI (ENEA - C.R. Casaccia)

- Pratap PATTNAIK (IBM T.J. Watson Research Center)

- Andrea PIETRACAPRINA (University of Padova)

- Keshav PINGALI (Cornell University)

- Geppino PUCCI (University of Padova)

- Ulrich RÜDE (University of Erlangen-Nuernberg)

- Einar RUSTAD (Dolphin Interconnect Solutions Inc.)

- Fabio SCHIFANO (University of Ferrara and INFN)

- Y.C. TAY (National University of Singapore)

- Jan TREIBIG (University of Erlangen-Nuernberg)

- Raffaele TRIPICCIONE (University of Ferrara and INFN)

- Lorenzo VERDOSCIA

- Francesco VERSACI (University of Padova)
